Chip Nix Joins CBI as Senior Vice President of Construction

DULUTH, Georgia, November 8, 2011 - Consultants & Builders, Inc. (CBI), a leading design/build firm focusing exclusively on the development of financial institutions within the Southeast, hired Chip Nix to serve as Senior Vice President of Construction. In his new role at CBI, Chip is responsible for all duties from preliminary design through construction and warranty. In this capacity, he coordinates and manages constructability document review, estimating, subcontractor and supplier bidding, scheduling, quality control and purchasing.

“This is a very exciting time for our firm. Despite increased competitive and economic challenges, CBI has continued to maintain a substantial client base. We are very fortunate to be able to add Chip to our management team. Chip is a 25-year veteran in the field of commercial construction, and has held numerous positions in the industry to include senior level positions focused on facility planning, design and construction. Chip’s extensive background and experience will allow CBI to deliver a higher level of service to our clients and provide for exceptional growth within the organization as we continue to grow our client base,” said Tyler Williams, President, Consultants & Builders, Inc. (CBI).

Accomplished in all facets of the industry, Chip offers deep expertise in multi-site supervision and management, site selection and evaluation, facility planning, project estimation, contractor and vendor selection, FF&E purchasing and procurement and quality assurance programs. He has focused his efforts on serving the financial institution marketplace, which resulted in Chip managing the development of thousands of projects throughout the continental United States from interior

storefront branch projects to new free standing branches to main office renovation and addition projects to new main office and operations center facilities. These projects ranged in size from a few hundred thousand dollars to over \$20M.

In addition to his financial institution expertise, Chip holds a civil engineering degree and is a retired 21 year Army officer serving in both the active duty and active reserves.

About Consultants & Builders, Inc.

Consultants & Builders, Inc. (CBI) is a design/build firm focusing exclusively on the development of financial institutions within the Southeastern United States.
