For Immediate Release

Todd Williams Achieves LEED® Accreditation

DULUTH, Georgia, October 31, 2008 – Todd Williams, CEO, of Consultants & Builders, Inc. (CBI), has been designated a Leadership in Energy and Environmental Design Accredited Professional (LEED® AP) by the U.S. Green Building Council (USGBC).

The LEED rating system, administered by the USGBC, is the nationally recognized benchmark for design, construction and operation of high-performance green buildings. LEED accreditation was established by the USGBC to recognize building professionals with a thorough understanding of green building practices such as sustainable site development, water savings, energy efficiency, materials selection and indoor environmental quality.

“CBI recognizes the growth of green building and sustainable development trends in the design-build industry and is committed to supporting this trend. This certification is part of that commitment and we now have the ability to successfully steward the LEED certification process for our clients,” said Williams.

About Consultants & Builders, Inc.

Consultants & Builders, Inc. (CBI) is a design-build firm focusing exclusively on the development of financial institutions.
